**Honors/Awards**

2017: Francis Weekes Award of Merit, Association for Business Communication. The Association for Business Communication's Executive Committee gives this award annually "to acknowledge, foremost, contributions to the profession, and to recognize outstanding advancement in the discipline of business communication through a singular accomplishment or a series of accomplishments.” The accomplishment for which I received the award is the position paper that I wrote on the ideal academic environment for business communication instructors. While I wrote the position paper with three co-authors, I was recognized for my leadership on the project and for being the primary writer and researcher..
